INCIDENT SUMMARY

On September 08, 2021, a Major Disaster Declaration was approved for the State of North Carolina, authorizing Individual Assistance for three (3) counties, and Public Assistance Categories A -G for seven (7) counties, with Hazard Mitigation available statewide. Amendment #1 added Public Assistance for four (4) counties.

FCO ASSESSMENT

Priorities

- Housing:** Adequate, resilient, accessible and affordable housing
- Infrastructure:** House of Worship outreach initiative
- National Cultural Resources:** Restored, preserved, risk-resistant and resilient resources

Outcomes

- Housing:** Transition survivors from non-congregate sheltering to permanent housing
- Infrastructure:** Government and PNP facilities have been repaired, modernized, and strengthened for future disasters
- National Cultural Resources:** Natural resources in the affected community, to include socially marginalized, have been restored to protect people and ecosystems

Recovery Support Functions

Recovery Outcomes		
Housing	Housing: Adequate, resilient, accessible, and affordable housing	
	1	All survivors whose primary residences were damaged or destroyed or were displaced by the disaster have returned and re-established residence in permanent housing within the affected community
	2	Survivors can afford post-disaster permanent housing units within the affected community without post-disaster assistance
	3	Post-disaster permanent housing units in the affected community meet or exceed recognized residential codes and standards and incorporate recommended mitigation measures appropriate to the area's hazards (e.g., flooding, fire, high winds), or include resiliency measures
Economic	Economic: Sustainable, diversified and resilient economy	
	1	Business activities are resumed and restored, including those local and marginalized businesses and major employers
	2	Local and state government ability to facilitate and regulate business activities is restored
	3	Tax base and revenue streams from businesses are restored
	4	Communities have Comprehensive Economic Development Strategies that measures the recovery process
	5	Financial activities essential to credit and insurance coverage and flows are restored
Community Recovery	Community Recovery: Resilient recovery of SLTT communities	
	1	Community Conditions Assessment + Community Profiles
	2	Status of emergency plans, such as the Mitigation plan and Pre-Disaster Recovery Plan
	3	Community engagement and communication strategy is in place for long-term recovery plan or strategy
	4	Mitigation and recovery projects have been implemented
	5	Inclusive communications strategy developed for long-term recovery planning or strategy

Recovery Outcomes		
Infrastructure	Infrastructure: Restored, modernized, hardened and resilient systems	
	1	Power systems and fuel delivery services have been repaired, modernized, and strengthened for future disasters
	2	Water systems, dams, levees, and service capacities have been repaired, modernized, and strengthened for future disasters
	3	Communications systems and services have been repaired, modernized, and strengthened against future disasters
	4	Public and private transportation systems, to include those supporting marginalized areas are repaired and reliable
	5	Government and PNP facilities have been repaired, modernized, and strengthened for future disasters
Health & Social Services	HSS: Sustainable and resilient health education and social service systems	
	1	Households have safe drinking water and no hazardous and toxic materials
	2	Healthcare providers have resumed capacity to meet chronic or long-term health needs, as well as primary and emergency care
	3	Ensure survivors are provided necessary behavioral health and disaster case management services.
	4	Social Assistance programs that support vulnerable populations, e.g., have resumed delivery of financial and other materiel support and services to vulnerable segments of the community's population
	5	Schools are fully operational & providing full academic programs and can provide a safe, sanitary, and supportive environment
Natural Cultural Resources	NCR: Restored, preserved, risk-resistant and resilient resources	
	1	Natural resources in the affected community, to include socially marginalized, have been restored to protect people and ecosystems
	2	Resources associated with entertainment, education, recreation, and tourism have been repaired, and public accessibility restored
	3	Access to raw material and other commodities that sustain the local economy has been restored
	4	Sites and artifacts associated with the community's heritage and identity have been stabilized/protected, and public accessibility to these sites has been restored

FCO Senior Leadership COP Brief

Recovery
Outcomes

HOUSING: Adequate, resilient, accessible and affordable housing

Outcome Indicators (1): All survivors whose primary residences were damaged or destroyed or were displaced by the disaster have returned and re-established residence in permanent housing within the affected community.

Initial Situation

- Local housing shortage
- 94 survivors in non-congregate shelters post-disaster
- Extensive discussions with State on solutions

Mustang Alley

- Challenges
 - 15 flood-damaged mobile homes
 - Initial request for commercial property debris removal denied
 - Uninsured
- Actions
 - State proposed alternative solution
 - FEMA reimbursement of commercial debris removal allowed below-market rental
 - The State in partnership with a local faith-based organization provided trailers
- Outcomes
 - Public, private, and faith-based organization partnerships resulted in a creative solution
 - As of December 14th, ALL survivors have transitioned out of non-congregate shelters

FCO Senior Leadership COP Brief

Recovery
Outcomes

INFRASTRUCTURE: Houses of Worship Outreach Initiative

Outcome Indicator (5): Government and PNP facilities have been repaired, modernized, and strengthened for future disasters

Challenges

- Local experience in Public Assistance was limited
- Opportunity for equity-focused PA mission

Actions

- Working with local partners to identify houses of worship, ministerial associations, and community organizations/PNPs to target for outreach
- Reached out to 1600+ houses of worship and provided info on PA program application process
- Supported 3 virtual informational meetings with State, SBA, and FEMA to provide additional information to potential applicants

Outcome

- 7 Houses of Worship from impacted areas applied for assistance following efforts
