0%      50%      100%  
 ■ No Proficiency ■ Trainee/Candidate ■ Qualified

- 426 Coach and Evaluators
- 271 PTBs completed/in review
- 18,482 Tasks signed off

## INCIDENT SUMMARY

A Major Disaster Declaration was approved for the State of Florida on September 29, 2022, designating all 67 counties and the Miccosukee Tribe of Indians of Florida and Seminole Tribe of Florida for Public Assistance (Cat. B), nine (9) counties for Individual Assistance and the Hazard Mitigation Grant Program statewide. Thirteen subsequent amendments designated Public Assistance (Cat. A and C-G) for 28 counties, and Individual Assistance for 17 additional counties.

## FCO ASSESSMENT

### Priorities

- Housing
- Equitable program delivery
- Supporting the workforce and FEMA readiness

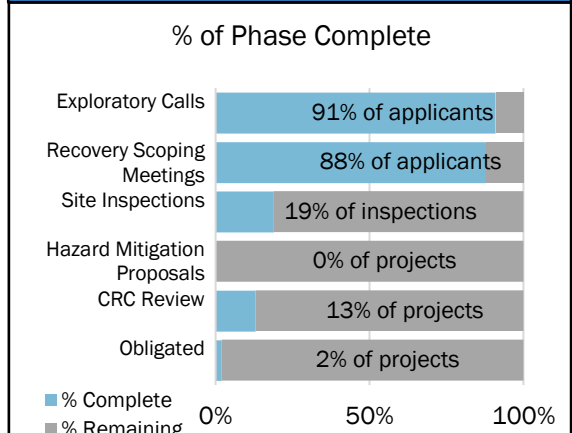

### Outcomes

**Housing:** Survivors have achieved the next step in their permanent housing plans through financial assistance or direct housing.

**Natural & Cultural Resources:** Florida's coastal areas are reestablished to standards resilient to future risk and accessible for safe whole community enjoyment and well-being.

## PUBLIC ASSISTANCE SUMMARY

<b>Applicants:</b> 754	<b>Projects:</b> 3,038
<b>\$ Obligated:</b> 553M	<b>Life of Disaster:</b> \$8.5B

## TRANSITION TIMELINE

## Recovery Support Functions

Recovery Outcomes	
Housing	<b>Housing: Adequate, resilient, accessible, and affordable housing</b>
	1 All survivors have moved out of sheltering and the housing needs of individuals and communities are being addressed with other temporary solutions
	2 <b>Survivors have achieved the next step in their permanent housing plans through financial assistance or direct housing.</b>
	3 Communities have attainable, accessible, resilient, permanent housing to support adequate whole community recovery.
Economic	<b>Economic: Sustainable, diversified and resilient economy</b>
	1 The whole community is stabilized by a diverse economic base providing employment opportunity for the full range of talents and skills.
	2 Fisheries are supported with the fleet, workforce, housing, and infrastructure that empower them to grow economically productive and sustainable operations.
	3 Agriculture and aquaculture are supported with the workforce, housing, and infrastructure that empower them to grow economically productive and sustainable operations.
	4 Tourism and Hospitality small and medium businesses are supported with the workforce, housing, and infrastructure that empower them to grow economically productive and sustainable operations.
Community Assistance	<b>Community Assistance: Resilient recovery of SLTT communities</b>
	1 Impacted local governments have the internal capabilities and capacity to meet their recovery needs, the awareness of resources to support capabilities they do not have, and the economic stability to support long-term improvements in resilience and equity
	2 Houses of Worship and community-based support organizations are fully operational and more resilient to future disasters
	3 Mitigation projects have been completed to reduce future disaster impacts

Recovery Outcomes	
Infrastructure Systems	<b>Infrastructure: Restored, modernized, hardened and resilient systems</b>
	1 Storm generated debris no longer negatively impacts community recovery and does not cause risk for future impacts/disasters.
	2 Community infrastructure is repaired and positioned to be more resilient and responsive to future threats
	3 Government and PNP facilities have been repaired, modernized and strengthened for future disasters
Health & Social Services	<b>HSS: Sustainable and resilient health education and social service systems</b>
	1 Facilities have the capacity to provide social and human services to meet community needs and are resilient to future threats.
	2 All services to impacted school and higher education institutions are operational
	3 Behavioral and Public Health services are operational and built for resilience to support affected communities
	4 Provide equitable behavioral health services and resources to survivors, including healthcare workers, educators, students, and first responders to strengthen whole community resiliency
	5 All available resources are engaged to support mitigation of disaster-caused environmental health threats and restoration of equitable public health service delivery
Natural & Cultural Resources	<b>NCR: Restored, preserved, risk-resistant and resilient resources</b>
	1 <b>Florida's coastal areas are reestablished to standards resilient to future risk and accessible for safe whole community enjoyment and well-being</b>
	2 Cultural, and historical locations and landmarks are reestablished, resilient, and accessible for community education, entertainment, and well-being
	3 Florida's natural resources are reestablished to standards resilient to future risk and provide pre-disaster levels of environmental services
