INCIDENT SUMMARY

On August 21, 2021, a severe weather system produced heavy rainfall resulting in significant flooding to private and public facilities throughout areas of central Tennessee. On August 23, 2021, a Major Disaster declaration (FEMA-4609-DR) was approved designating Public Assistance (Cat B) for Humphreys County. Three (3) amendments designated an additional 3 counties and making all four counties eligible for Individual Assistance, Public Assistance (Categories A-G), and Hazard Mitigation for all areas of TN under the Hazard Mitigation Grant Program.

Priorities

- Deliver Integrated Recovery Strategies and outcomes focused on Housing, Health & Social Services and Community Recovery

Outcomes

- **Housing:** Adequate, resilient, accessible and affordable housing
- **Health & Social Services:** Sustainable and resilient health education and social service systems
- **Community Recovery:** Resilient recovery of SLTT communities

TRANSITION TIMELINE

FCO Senior Leadership COP Brief

Recovery Support Functions

Recovery Outcomes	
Housing	Housing: Adequate, resilient, accessible, and affordable housing
	1 All survivors whose primary residences were destroyed and were displaced by the disaster have returned and re-established residence in permanent housing within the affected community
	2 Survivors can afford post-disaster permanent housing units within the affected community without post disaster assistance
	3 Inter-Agency coordination has achieved/identified outlined options to increase affordable housing within the community.
	4 Post-disaster permanent housing units in the affected community meet or exceed recognized residential codes and standards and incorporate recommended mitigation measures appropriate to the area's hazards (e.g., flooding, fire, high winds), or include resiliency measure
Economic	Economic: Sustainable, diversified and resilient economy
	1 Business activities are resumed and restored, including those of key local businesses and major employers
	2 Consumer base and consumer activities are restored
	3 Communities have Comprehensive Economic Development Strategies (CEDS) or other resiliency or preparedness plans that measure the recovery process to address hazard risk and enhance resilience
	4 Non-government capabilities are restored
Community Recovery	Community Recovery: Resilient recovery of SLTT communities
	1 Community Conditions Assessment + Community Profiles
	2 Community engagement and communication strategy is in place for long-term recovery plan or strategy
	3 Mitigation and recovery projects have been implemented
	4 Inclusive communications strategy developed for long-term recovery planning or strategy

Recovery Outcomes	
Infrastructure	Infrastructure: Restored, modernized, hardened and resilient systems
	1 Power systems and fuel delivery services have been repaired, modernized, and strengthened for future disasters
	2 Water systems, dams, levees, and service capacities have been repaired, modernized, and strengthened for future disasters
	3 Communication systems and services have been repaired, modernized, and strengthened against future disasters
	4 Government and PNP facilities have been repaired, modernized and strengthened for future disasters
Health & Social Services	HSS: Sustainable and resilient health education and social service systems
	1 Water Municipal waste management systems have resumed operation
	2 Healthcare providers (e.g., primary care, urgent care, hospitals, specialists) have resumed capacity to meet chronic or long-term health needs, primary and emergency care needs
	3 Survivors have access to necessary behavioral health and social service
	4 Community/Social Assistance networks (programs that support vulnerable populations, e.g., low-income families and the elderly) have resumed delivery of financial and other materiel support and services to vulnerable populations
	5 Schools within the affected community are fully operational (e.g., providing full academic programs and services) providing a safe, sanitary, and supportive environment conducive for instruction and learning
Natural Cultural Resources	NCR: Restored, preserved, risk-resistant and resilient resources
	1 Natural resources in the affected community, to include socially marginalized, have been restored to protect people and ecosystems
	2 Access to raw material and other commodities that sustain the local economy has been restored
	3 Sites and artifacts associated with the community's heritage and identity have been stabilized/protected, and public accessibility to these sites has been restored
