Daily Operations Briefing

Thursday, March 30, 2023

8:30 a.m. ET

FEMA

National Current Ops / Monitoring

New Significant Incidents / Ongoing Ops

- Train Derailment – MN

Hazard Monitoring

- Heavy Snow possible – Northern Intermountain to the Central Rockies
- Freezing Rain possible – Northern Plains to the Great Lakes
- Mixed Precipitation – Pacific Northwest and California to the Great Lakes
- Critical Fire Weather – Southern and Central Plains

Disaster Declaration Activity

- Request: Major Disaster Declaration – CA
- Request: Major Disaster Declaration – KY
- Amendment No. 2 to FEMA-4685-DR-GA

Event Monitoring

- No significant events

FEMA

Train Derailment – Minnesota

Current Situation: (RV SPOTREP, as of 7:07 a.m. ET)

At approximately 3:45 a.m. ET, media reported a 22 car train derailment near Raymond, MN (pop 800). 13 cars were carrying ethanol, with at least four rail cars on fire. Fire crews and HAZMAT teams are on site. Ethanol is a flammable liquid that can produce poisonous gases such as carbon monoxide and potentially cause an explosion when stored inside a closed container.

Impacts:

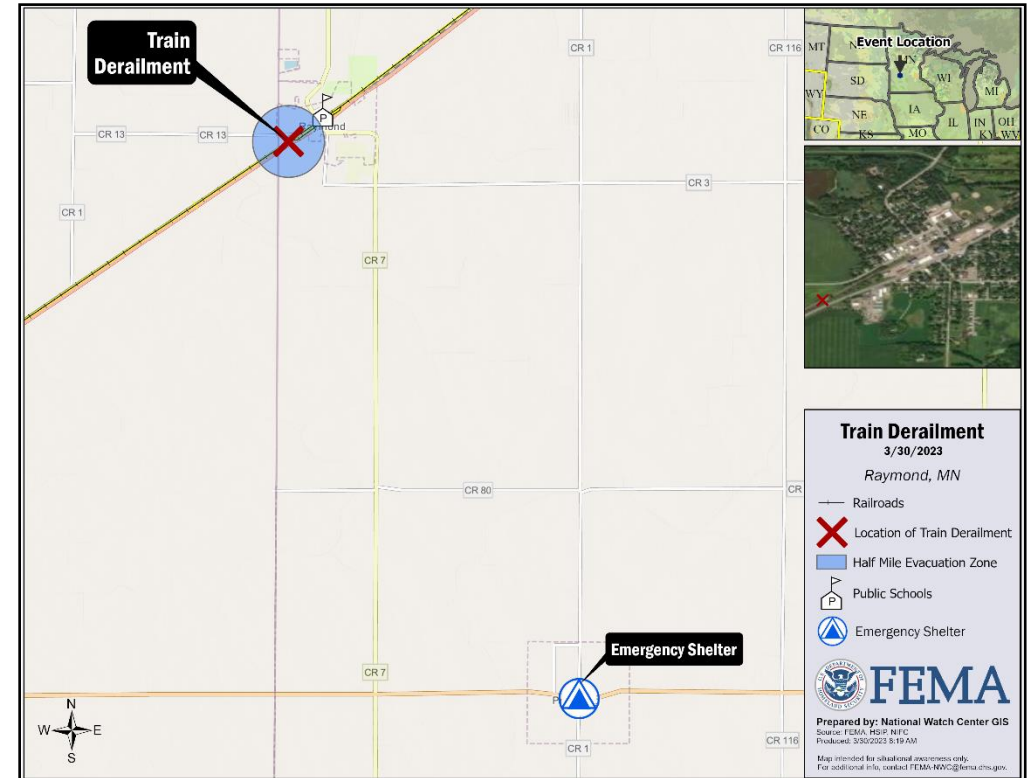

- Evacuations continue within the ½-mile evacuation zone
- No injuries or fatalities have been reported
- HWY 23 closed from Kandiyohi County Rd 1 to Chippewa County Rd 1
- One shelter in place at a nearby school

State / Local Response:

- MN EOC is at Normal Operations

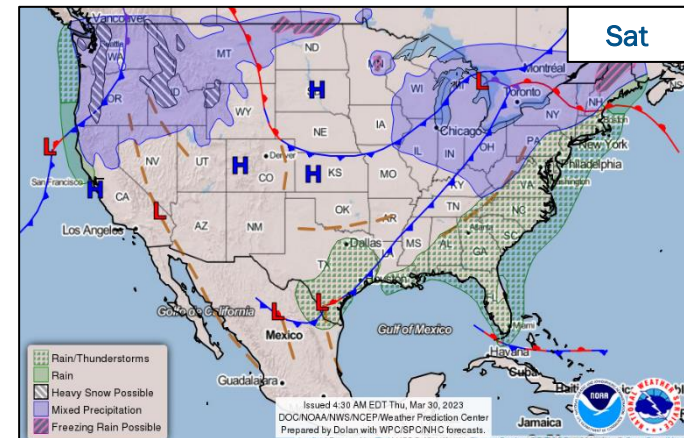

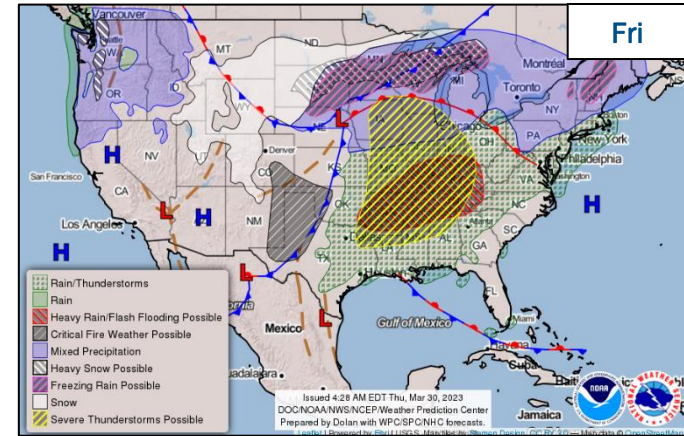

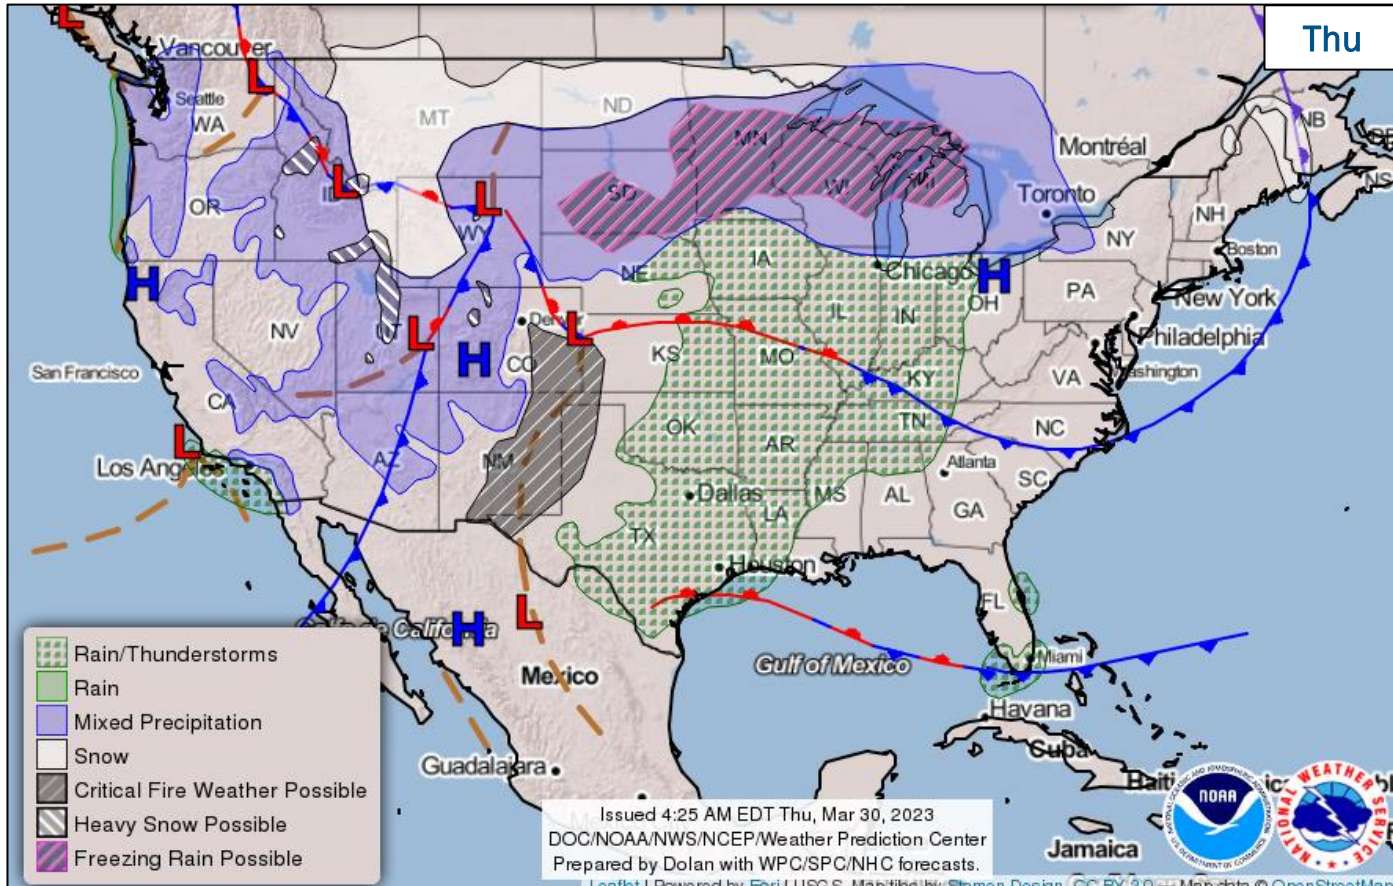

FEMA / Federal Response:

- EPA Region V requested an IMAAC activation; activation in progress
- An is identified and LNO on standby
- FEMA Region V is in communication with the Minnesota EMA
- The FEMA NWC and Region V will continue to monitor

FCO ASSESSMENT

Priorities

- Community Preservation
- Economic Stabilization
- Mental Health

Outcomes

Economic: The whole community is stabilized by a diverse economic base providing employment opportunity for the full range of talents and skills.

Natural & Cultural Resources: Florida's coastal areas are reestablished to standards resilient to future risk and accessible for safe whole community enjoyment and well-being.

TRANSITION TIMELINE

Individual Assistance thru April 2023

Hazard Mitigation thru September 2023

Interagency Recovery Coordination thru October 2023

Public Assistance thru December 2024

406 Mitigation HMP: 0 of 2 projects (0%)

FCO Senior Leadership COP Brief

Recovery Support Functions (RSF)

Recovery Outcomes	
Housing	Housing: Adequate, resilient, accessible, and affordable housing
	1 All survivors have moved out of sheltering and the housing needs of individuals and communities are being addressed with other temporary solutions
	2 Survivors have achieved the next step in their permanent housing plans through financial assistance or direct housing
	3 Communities have attainable, accessible, resilient, permanent housing to support adequate whole community recovery
Economic	Economic: Sustainable, diversified and resilient economy
	1 The whole community is stabilized by a diverse economic base providing employment opportunity for the full range of talents and skills.
	2 Fisheries are supported with the fleet, workforce, housing, and infrastructure that empower them to grow economically productive and sustainable operations
	3 Agriculture and aquaculture are supported with the workforce, housing, and infrastructure that empower them to grow economically productive and sustainable operations
	4 Tourism and Hospitality small and medium businesses are supported with the workforce, housing, and infrastructure that empower them to grow economically productive and sustainable operations
Community Planning & Capacity Building	Community Recovery: Resilient recovery of SLTT communities
	1 Impacted local governments have the internal capabilities and capacity to meet their recovery needs, the awareness of resources to support capabilities they do not have, and the economic stability to support long-term improvements in resilience and equity
	2 Houses of Worship and community-based support organizations are fully operational and more resilient to future disasters
	3 Mitigation projects have been completed to reduce future disaster impacts

Recovery Outcomes	
Infrastructure Systems	Infrastructure: Restored, modernized, hardened and resilient systems
	1 Storm generated debris no longer negatively impacts community recovery and does not cause risk for future impacts/disasters.
	2 Community infrastructure is repaired and positioned to be more resilient and responsive to future threats
	3 Government and PNP facilities have been repaired, modernized and strengthened for future disasters
Health & Social Services	HSS: Sustainable and resilient health education and social service systems
	1 Facilities have the capacity to provide social and human services to meet community needs and are resilient to future threats.
	2 All services to impacted school and higher education institutions are operational
	3 Behavioral and Public Health services are operational and built for resilience to support affected communities
	4 Provide equitable behavioral health services and resources to survivors, including healthcare workers, educators, students, and first responders to strengthen whole community resiliency
	5 All available resources are engaged to support mitigation of disaster-caused environmental health threats and restoration of equitable public health service delivery
Natural & Cultural Resources	NCR: Restored, preserved, risk-resistant and resilient resources
	1 Florida's coastal areas are reestablished to standards resilient to future risk and accessible for safe whole community enjoyment and well-being
	2 Cultural, and historical locations and landmarks are reestablished, resilient, and accessible for community education, entertainment, and well-being
	3 Florida's natural resources are reestablished to standards resilient to future risk and provide pre-disaster levels of environmental services

FCO Senior Leadership COP Brief

Recovery Outcomes

Activated RSFs: Housing, Economic, Community Assistance, Infrastructure, Health and Social Services, Natural and Cultural Resources

ECONOMIC: SUSTAINABLE, DIVERSIFIED AND RESILIENT ECONOMY

Outcome Indicator (E1): The whole community is stabilized by a diverse economic base providing employment opportunity for the full range of talents and skills

- Florida Regional Planning Councils - Economic Recovery & Resiliency Workshops

NCR: RESTORED, PRESERVED, RISK-RESISTANT AND RESILIENT RESOURCES

Outcome Indicator (NCR1): Florida's coastal areas are reestablished to standards resilient to future risk and accessible for safe whole community enjoyment and well-being

- Coastal Resiliency Task Force
