<u>Small Business Administration Loans</u> 0	<u>Housing Assistance</u> 0
<u>NFIP Payouts</u> 0	<u>Other Needs Assistance</u> 0

INCIDENT SUMMARY

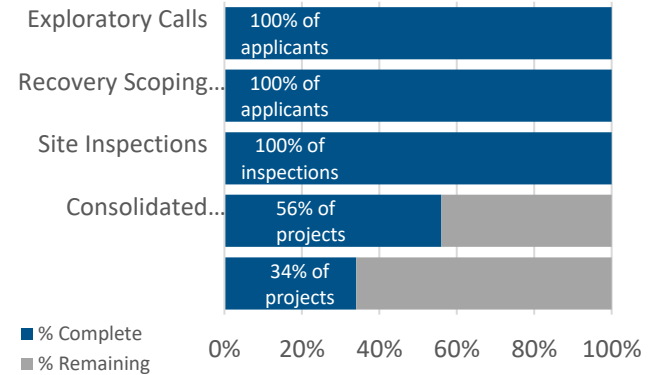

The Commonwealth of Virginia Declared a State of Emergency on July 13, 2022. On September 11, 2022, the Commonwealth requested that the federal government declare a major disaster. On September 30, 2022, President Joseph Biden declared a major flooding and mudslides disaster for the Commonwealth of Virginia. Two Virginia counties received Public Assistance (75% cost share). Designated counties are Buchanan and Tazewell. All Counties in Virginia are eligible for Hazard Mitigation assistance.

PUBLIC ASSISTANCE SUMMARY

FEMA Staff by Deployed Proficiency Level

FCO ASSESSMENT

Priorities

- **Focus:** Deliver joint integrated mitigation and resiliency outcomes focusing on operationalizing equity and Recovery strategies via the PA-Mitigation SOP.

Outcomes

- **Infrastructure:** Restored, modernized, hardened and resilient systems
- **Community Recovery:** Resilient recovery of SLTT communities

TRANSITION TIMELINE

FCO Senior Leadership COP Brief DR-4674-VA FCO: Mark O'Hanlon

Recovery Support Functions (RSF)

Recovery Outcomes	
Housing	Housing: Adequate, resilient, accessible, and affordable housing
	1 All survivors whose primary residences were damaged or destroyed or were displaced by the disaster have returned and re-established residence in permanent housing within the affected community
	2 Survivors can afford post-disaster permanent housing units within the affected community without post-disaster assistance
	3 Post-disaster permanent housing units in the affected community meet or exceed recognized residential codes and standards and incorporate recommended mitigation measures appropriate to the area's hazards (e.g., flooding, fire, high winds), or include resiliency measures
	4
	5
Economic	Economic: Sustainable, diversified and resilient economy
	1 Business activities are resumed and restored, including those local and marginalized businesses and major employers
	2 Local and state government ability to facilitate and regulate business activities is restored
	3 Tax base and revenue streams from businesses are restored
	4 Communities have Comprehensive Economic Development Strategies that measures the recovery process
	5 Financial activities essential to credit and insurance coverage and flows are restored
Community Planning & Capacity Building	Community Recovery: Resilient recovery of SLTT communities
	1 Community Conditions Assessment + Community Profiles
	2 Status of emergency plans, such as the Mitigation plan and Pre-Disaster Recovery Plan
	3 Community engagement and communication strategy is in place for long-term recovery plan or strategy
	4 Mitigation and recovery projects have been implemented
	5 Inclusive communications strategy developed for long-term recovery planning or strategy

Recovery Outcomes	
Infrastructure Systems	Infrastructure: Restored, modernized, hardened and resilient systems
	1 Power systems and fuel delivery services have been repaired, modernized, and strengthened for future disasters
	2 Water systems, dams, levees, and service capacities have been repaired, modernized, and strengthened for future disasters
	3 Communication systems and services have been repaired, modernized, and strengthened against future disasters
	4 Public and private transportation systems, to include those supporting marginalized areas are repaired and reliable
	5 Government and PNP facilities have been repaired, modernized and strengthened for future disasters
Health & Social Services	HSS: Sustainable and resilient health education and social service systems
	1 Households have safe drinking water and no hazardous and toxic materials
	2 Healthcare providers have resumed capacity to meet chronic or long-term health needs, as well as primary and emergency care
	3 Ensure survivors are provided necessary behavioral health and disaster case management services.
	4 Social Assistance programs that support vulnerable populations, e.g., have resumed delivery of financial and other materiel support and services to vulnerable segments of the community's population
	5 Schools are fully operational & providing full academic programs and can provide a safe, sanitary, and supportive environment
Natural & Cultural Resources	NCR: Restored, preserved, risk-resistant and resilient resources
	1 Natural resources in the affected community, to include socially marginalized, have been restored to protect people and ecosystems
	2 Resources associated with entertainment, education, recreation, and tourism have been repaired, and public accessibility restored
	3 Access to raw material and other commodities that sustain the local economy has been restored
	4 Sites and artifacts associated with the community's heritage and identity have been stabilized/protected, and public accessibility to these sites has been restored
	5

Activated RSFs:

COMMUNITY PLANNING & CAPACITY BUILDING: Resilient recovery of SLTT communities

Outcome Indicator (I2): Water systems, dams, levees, and service capacities have been repaired, modernized, and strengthened for future disasters

- Deployed FEMA staff to the affected communities early to support project development and formulation; Public Assistance, Mitigation and EHP
- Assisted the Applicants and Recipient to identify mitigation potential

Outcome Indicator (I4): Public and private transportation systems, to include those supporting marginalized areas are repaired and reliable

- CRAD Community Assessment targeted vulnerable applicants for our assistance
- Incorporated mitigation measures through the implementation of the PA-Mitigation Standard Operating Procedure
