Daily Operations Briefing

Thursday, July 7, 2022

8:30 a.m. ET

FEMA

National Current Ops / Monitoring

New Significant Incidents / Ongoing Ops

- COVID-19

Hazard Monitoring

- Severe thunderstorms – Northern Rockies to Northern Plains; Ohio Valley to Mid-Atlantic
- Heavy rain and flash flooding – Northern Plains, Central Plains to Tennessee and Ohio valleys and the Carolinas
- Tropical Activity:
 - Eastern Pacific:
 - Hurricane Bonnie (CAT 1); Disturbance 1: High (70%)

Disaster Declaration Activity

- No new declaration activity

Event Monitoring

- No significant activity

FEMA

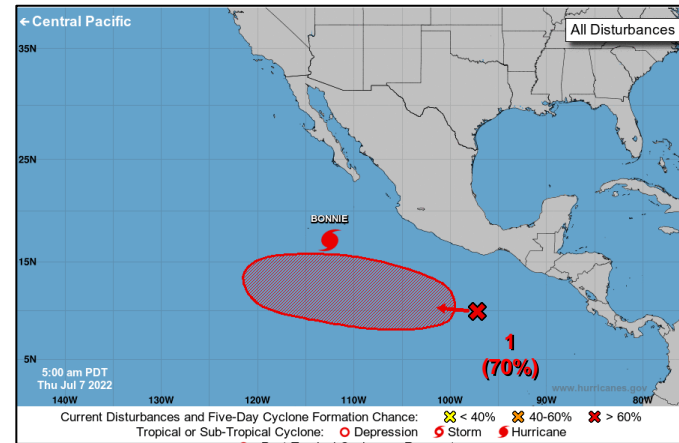

Tropical Outlook – Five Day

Central Pacific

- No tropical cyclones are expected during the next 5 days

Eastern Pacific

- [Hurricane Bonnie \(CAT 1\)](#) (Advisory #39 as of 5:00 a.m. ET)
- 435 miles SSW of the southern tip of Baja California, Mexico, Mexico
 - Moving WNW at 14 mph
 - Maximum sustained winds 90 mph
 - Expected to weaken below hurricane strength by Friday and become a post-tropical storm cyclone in a couple of days
 - Hurricane-force-winds extend 10 miles
 - Tropical-storm-force winds extend 70 miles

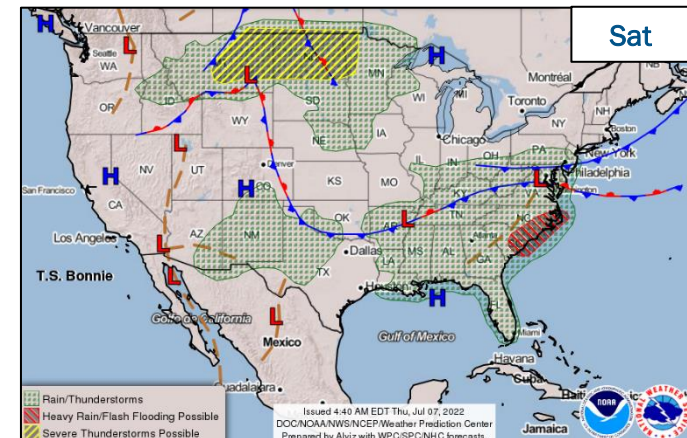

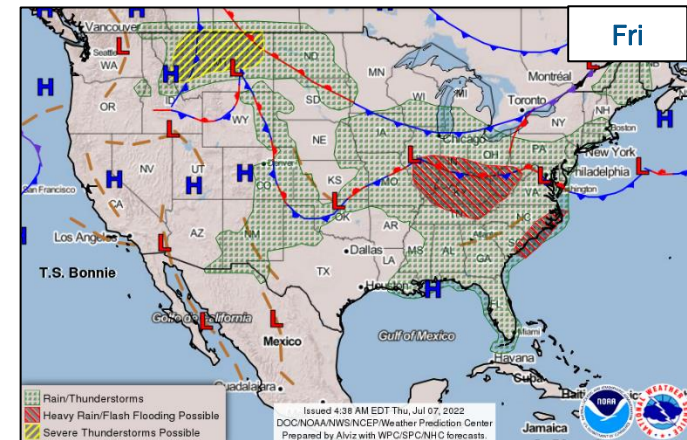

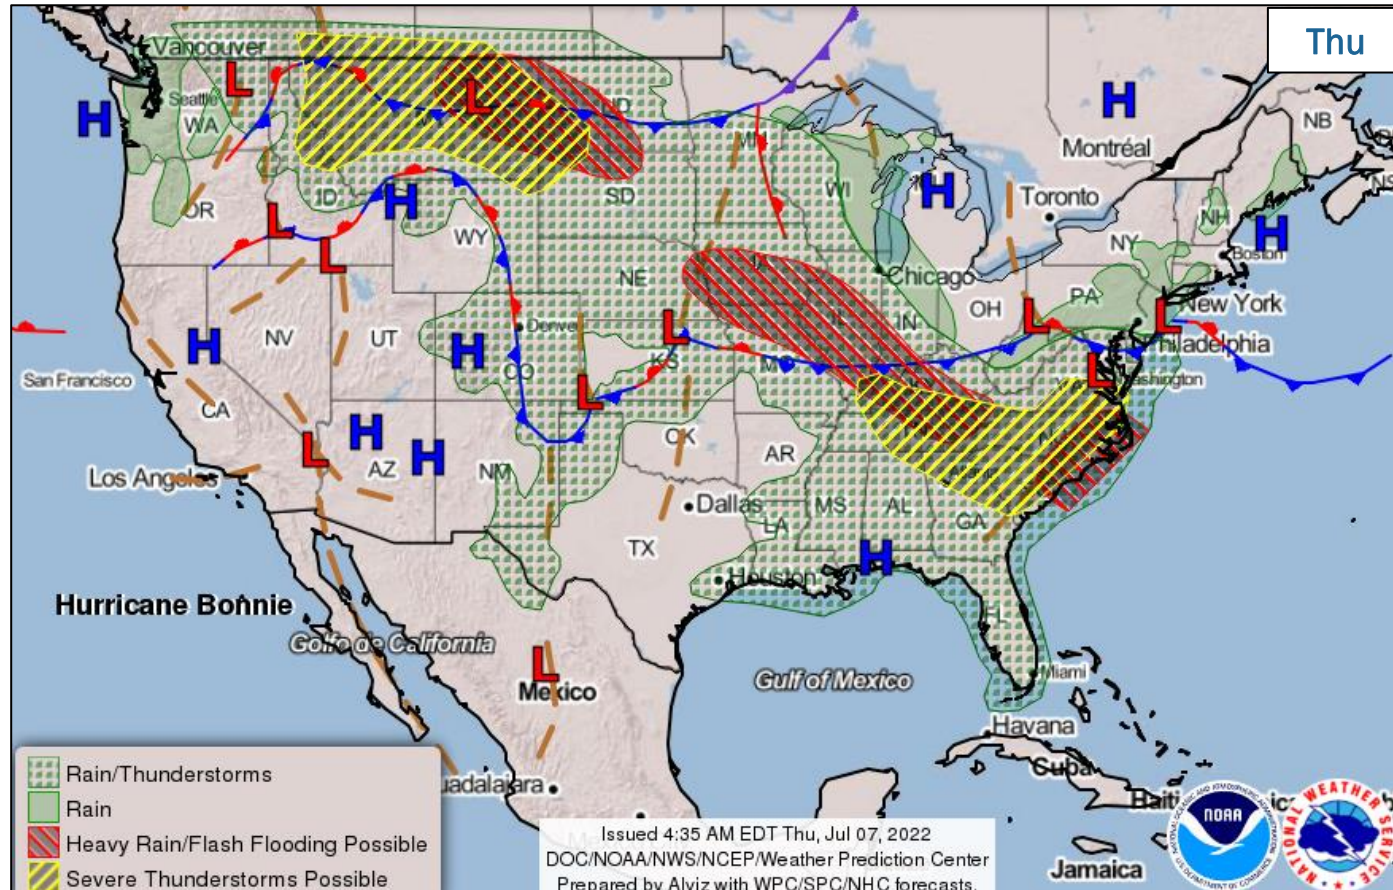

- [Disturbance 1](#) (As of 8:00 a.m. ET)
- Located several hundred miles S of the southern coast of Mexico
 - Tropical depression is likely to form well south or southwest of the southwestern coast of Mexico over the weekend
 - Formation chance – 48-hours: Low (30%) 5 day: High (70%)

Atlantic

- No tropical cyclones are expected during the next 5 days

INCIDENT SUMMARY

On February 17, 2021, a Major Disaster Declaration was approved for the State of Alaska authorizing Public Assistance (Cat. A-G) for Chatham Regional Educational Attendance Area, Haines Borough, City and Borough of Juneau, Petersburg Borough, and the Municipality of Skagway Borough. All areas within the State of Alaska are eligible for assistance under the Hazard Mitigation Grant Program.

PUBLIC ASSISTANCE SUMMARY

% of Phase Complete

FCO ASSESSMENT

Priorities

- Support whole community recovery resources, address shortfalls, and build resilience in the impacted area.

Outcomes

- **Community Recovery:** Resilient recovery of impacted communities.
- **Natural & Cultural Resources:** Restored, modernized, hardened and resilient systems.

FCO Senior Leadership COP Brief

Recovery Support Functions (RSF)

Recovery Outcomes		
Housing	Housing: Adequate, Resilient, Accessible, and Affordable Housing	
	1	All survivors whose primary residences were damaged or destroyed or were displaced by the disaster have returned and re-established residence in permanent housing within the affected community.
	2	Survivors can afford post-disaster permanent housing units within the affected community without post-disaster assistance.
	3	Post-disaster permanent housing units in the affected community meet or exceed recognized residential codes and standards and incorporate recommended mitigation measures appropriate to the area's hazards (e.g., flooding, fire, high winds), or include resiliency measures.
Economic	Economic: Sustainable, Diversified, and Resilient Economy	
	1	Business activities are resumed and restored, including those local and marginalized businesses and major employers.
	2	Local and state government ability to facilitate and regulate business activities is restored.
	3	Tax base and revenue streams from businesses are restored.
	4	Communities have Comprehensive Economic Development Strategies that measures the recovery process.
Community Planning & Capacity Building	Community Recovery: Resilient Recovery of SLTT Communities	
	1	Community Conditions Assessment + Community Profiles.
	2	Status of emergency plans, such as the Mitigation plan and Pre-Disaster Recovery Plan
	3	Community engagement and communication strategy is in place for long-term recovery plan or strategy.
	4	Mitigation and recovery projects have been implemented.
	5	Inclusive communications strategy developed for long-term recovery planning or strategy.

FEMA-4585-DR-AK

Recovery Outcomes		
Infrastructure Systems	Infrastructure: Restored, modernized, hardened and resilient systems	
	1	Power systems and fuel delivery services have been repaired, modernized, and strengthened for future disasters.
	2	Water systems, dams, levees, and service capacities have been repaired, modernized, and strengthened for future disasters.
	3	Public and private transportation systems, to include those supporting marginalized areas are repaired and reliable.
	4	Communications systems and services have been repaired, modernized, and strengthened against future disasters.
	5	Government and PNP facilities have been repaired, modernized, and strengthened for future disasters.
Health & Social Services	HSS: Sustainable and Resilient Health Education and Social Service Systems	
	1	Households have safe drinking water and no hazardous and toxic materials.
	2	Healthcare providers have resumed capacity to meet chronic or long-term health needs, as well as primary and emergency care.
	3	Ensure survivors are provided necessary behavioral health and disaster case management services.
	4	Schools are fully operational & providing full academic programs and can provide a safe, sanitary, and supportive environment.
Natural & Cultural Resources	NCR: Restored, Preserved, Risk-Resistant and Resilient Resources	
	1	Natural resources in the affected community, to include socially marginalized, have been restored to protect people and ecosystems.
	2	Resources associated with entertainment, education, recreation, and tourism have been repaired, and public accessibility restored.
	3	Access to raw material and other commodities that sustain the local economy has been restored.
	4	Sites and artifacts associated with the community's heritage and identity have been stabilized/protected, and public accessibility to these sites has been restored.

FEMA

FCO Senior Leadership COP Brief DR 4585 AK

Recovery Outcomes

COMMUNITY PLANNING & CAPACITY BUILDING: Resilient recovery of SLTT communities

Outcome Indicator (C4): Mitigation and recovery projects have been implemented

- Opportunities were identified early resulting in 61% of current projects including 406 Mitigation
- 43% of projects with mitigation funding have achieved resilience resulting in 2.6M in funding obligated to date (~18% under review)
- Mitigation Reviews have been quicker and more effective through forward-leaning PA Staff and strong CRC relationships
- Considerations for mitigation are being considered for all projects with work to be completed
- Strong partnerships with the State Hazard Mitigation Officer, coordination with R10 Mitigation Division, and field deployed staff for technical assistance and risk analysis is ongoing

FCO Senior Leadership COP Brief DR 4585 AK

Recovery Outcomes

NATURAL & CULTURAL RESOURCES: Restored, modernized, hardened and resilient systems.

Outcome Indicator (N1): Natural resources in the affected community, to include socially marginalized, have been restored to protect people and ecosystems.

Outcome Indicator (N3): Access to raw material and other commodities that sustain the local economy has been restored.

- Impacted applicants are faced with short construction windows, rising costs for supplies, and access issues to multiple damaged sites in this event
- Facilitate development of measures and strategies to protect, preserve, conserve, rehabilitate, stabilize, and guide the recovery of natural and cultural resources and historic properties

Tenakee Springs Fish Ladder:

- Debris clearance and restoration will restore the fish pass structures natural function; allow salmon and other native species to access rearing habitats
- Local community relies on salmon returns for food supply and to boost the local economy through the commercial fishing industry
- Tenakee Springs and its neighboring communities are far removed from the established supply chain routes, residents utilize materials harvested from their natural environment to sustain the local economy and a subsistence lifestyle.
